

Al-Furat Al-Awsat Technical University

Technical Institute – Najaf

Department of Production Mechanics Techniques

INTERNAL ORDER

Based on the authorities vested in us, and in view of the commencement of the academic year 2025–2026 for second-year students, the graduation research titles have been determined and the students have been distributed accordingly, as shown in the table below:

No.	Graduation Research Title	Students' Names	Supervisor
1	The Theoretical Foundations of Lubrication and Their Impact on the Service Life of Industrial Machines.	1- Abather Malik 2- Ali Amer 3- Hussein Nawras 4- Hussein Qasim 5- Baqer Hadi 6- Hussein Ali	Assist. Lecturer: Laith Mustafa Salman
2	Study of the Effect of Dust and Temperature on the Performance of Solar Cells.	1- Mustafa Salman 2- Mohammed Ahmed 3- Badr Noor Mazloun 4- Hassan Ihsan 5- Zaid Ali Rahim 6- Fatimah Hussein	Assist. Lecturer: Enas Ali Hashem
3	The Importance of Smart Materials in Advanced Engineering Applications.	1- Wurood Ali 2- Ali Hussein 3- Ahmed Hussein 4- Ali Fadel 5- Murtadha Khalaf 6- Murtadha Uday	Assist. Lecturer: Doaa Maki Ahmed

Assist. Professor: Yousef Jawad Kazem

Head of Department of Production Mechanics Techniques
